

ABOUT OUR CAMPGROUNDS

Located along the shores of Lake of the Woods off of OR-140 in the Fremont-Winema National Forest, Camp McLoughlin has been used as a campgrounds for our seasonal summer resident camps for boys and girls. These campgrounds have access to the waterfront, as well as trails that are great for hiking and bike riding.

Our campgrounds are not just for Scouts: we welcome everyone in the community to visit our neck of the woods. Whether for family reunions, corporate getaways, or just time with friends around a campfire, we know Camp McLoughlin has what you need to take a break from city life.
